

# RYAN DANIELE

## DIRECTOR OF P&C STRATEGY & OPERATIONS

Ryan Daniele joined the MJ Insurance team in 2015 as a client executive in our risk management department and was quickly promoted to director of strategy & operations in our Risk Management department. Prior to joining MJ, Ryan worked as assistant account manager at The Graham Company where he acquired vast knowledge in in-depth coverage analysis, contract review, interpretation of loss runs, audits and loss sensitive plans.

Ryan works in tandem with the other risk management teams to develop a comprehensive risk management strategy. He is responsible for managing the execution of that strategy for clients in the manufacturing, construction, health and human services, technology and mining/energy industries. With a focus on alignment, Ryan leads the client service teams to ensure that our clients' insurance and risk management programs are in accordance with their key business initiatives and risk management goals.

Outside of MJ Ryan enjoys spending time with his wife and two daughters, as well as playing golf. Though it'd be challenging with toddlers, one of Ryan's bucket list items is to take a road trip out west to see National Parks with his family.
