

# RYAN GOODWIN

## RISK MANAGEMENT CONSULTANT

Ryan Goodwin joined the MJ Insurance team in 2016 as risk management consultant in our Commercial Insurance department where he specializes in both manufacturing and public sector business. Ryan is an insurance and risk management veteran with over a decade of experience, broad base of technical knowledge, direct public sector experience in both town and county government, and demonstrated industry familiarity and understanding. His expertise and knowledge of public sector operations, liability, risk and safety helps leverage the best possible outcome for his clients in this industry.

At MJ, Ryan specializes in developing and executing strategies to reduce his client's cost of risk. With a focus on alignment, he and his team work to thoroughly understand clients' business, exposure to risk, and corporate goals and objectives while designing a risk management program which best aligns with the organization's culture.

Ryan's favorite part of his position is having the ability to teach a client how much of an impact good risk management solutions can have on their company. Outside of work, Ryan spends time with his two sons and takes interest in history, politics and playing the piano.
