

SHEILA RURA

RISK TRANSFER SPECIALIST

Sheila Rura joined the MJ Insurance team in 2006 in our Commercial Insurance department and quickly grew to become the leader she is today. With nearly three decades of experience in the industry, her many years of handling the risk management department of a Fortune 500 company have allowed her to excel in her field. As an account manager in MJ's Construction practice group, Sheila manages large, specialty construction accounts as well as servicing and maintaining the day-to-day needs of her clients.

With a focus on risk management, trend reporting and data analysis, Sheila and her team work to create comprehensive risk management strategies tailored for clients in the construction industry. Her vast knowledge of all things insurance and risk management has made her a true asset in the construction department and throughout the agency.

Sheila's biggest passion in life is making sure that she raises her three boys to be happy, healthy and productive members of society. In addition to three sons, Sheila has a golden retriever named Lexi. One day Sheila would love to face her fears and go skydiving, but in the mean time she'll stick to spending her little free time reading mystery novels and listening to every type of music from Bach to ZZ Top.
