

CINDY ARCHER

RISK TRANSFER SPECIALIST

Cindy Archer joined the MJ Insurance team in 2007 as risk transfer specialist in our Risk Management + Commercial Insurance department. With 30 years of industry experience in both the agency and carrier side of the business, Cindy has grown to become an expert in several fields. Her specializations include social services, recycling and manufacturing, where she develops risk management strategies and programs tailored to her clients' needs.

Cindy works to coordinate service and marketing activities as well as managing data analytics to identify potential gaps in coverage and making recommendations on those limitations. On top of servicing the day-to-day needs of her accounts, Cindy and her team work to provide clients with the best possible risk management solution to fit their individual needs.

Cindy appreciates all the time that she gets to spend interacting with clients. When Cindy isn't working to meet the needs of her clientele, she's home with her three rescue dogs, Abbie, Callie and Maggie. She also loves to golf and go on beach vacations.
