

# KELLY S. BOTOS

## RISK TRANSFER SPECIALIST

Kelly Botos joined the MJ Insurance team in 2012 as a risk transfer specialist in our Risk Management + Commercial Insurance department. With nearly two decades of industry experience, Kelly has grown to become an expert in several fields. Her main areas of specialization include the manufacturing, technology and healthcare fields, where she has been instrumental in developing tailored programming for clients in these industries.

Kelly coordinates service and marketing activities as well as managing the daily servicing needs of her clients. With a focus on risk management, trend reporting and data analysis, Kelly and her team work to create comprehensive risk management strategies tailored for clients in the manufacturing, healthcare and technology industries. Her favorite part of the risk transfer specialist position is being able to form personal relationships with her clients.

In addition to crafting up the best plans for her clients, Kelly loves to craft various trinkets and DIY decor items at home. She also loves to read, especially the Left Behind series. Kelly's number one bucket list item is to travel overseas, which she recently accomplished this summer!

### EXPERIENCE
