

AMY DAVIS

DIRECTOR, STRATEGY + OPERATIONS
EMPLOYEE BENEFITS

Amy Davis joined the MJ Insurance team in 2015 as a client executive in our Benefits Consulting department. While she still functions in the client executive role, she was quickly promoted to director of employee benefits strategy and operations.

At MJ, Amy is responsible for the communication, accountability and execution of annual service plans. She also oversees claims and experience modification reviews, industry benchmarking, claims drill-downs and alternative modeling. In addition, Amy manages the coordination of carrier activities, audit support, plan analysis and evaluation, along with prescription program analysis and recommendations. In her role as client executive, Amy acts as the internal conduit or "quarterback" between analytics, wellness, communication and compliance to ensure all teams within the Benefits Consulting department work seamlessly to execute on personalized client strategy.

When Amy is not working hard to analyze and problem solve for clients, she loves watching sports, golfing and traveling. Her main teams to watch are her alma mater, Clemson, and IU. Amy keeps an actual bucket list and wants to one day check off traveling to all seven continents!

EDUCATION

Clemson University

EXPERIENCE

Prior to joining MJ, Amy worked as a senior health & group benefits analyst at Towers Watson where she was responsible for vendor analysis and review, compliance research and notification, and employee communication review.
