

# MORGAN DUFFY

## MANAGER, PERSONAL INSURANCE OPERATIONS

Morgan Duffy joined the MJ Insurance team in 1998 as an account assistant in our Personal Insurance department. Since then, Morgan has gained twenty years of experience and the position of operations manager. Morgan now oversees the daily operations of the Personal Insurance department at MJ.

Morgan loves that her position allows her to collaborate and share ideas with other departments within the agency. With a future-focused approach, she works with her team to ensure that they provide the best options and service to each individual client.

Morgan is passionate first and foremost about her family. When Morgan is not hard at work she can be found spending time with her son and daughter or playing trivia with her husband. She also has a dog named Charlie that looks just like the movie star dog Lassie. To relax, Morgan and her husband like to travel as much as possible!
