

LISA RITTENHOUSE

POPULATION HEALTH + WELLNESS NURSE

Lisa Rittenhouse joined MJ Insurance in July of 2019 and serves as our Population Health + Wellness Nurse in our benefits consulting department. Prior to joining MJ, Lisa worked at Indiana University Health University Hospital where she served as a SICU Registered Nurse, Liver Transplant Coordinator, Transplant Insurance Nurse Advisor, and more. With over a decade of experience, she brings along skills in case management, health coaching, and clinical knowledge of ICU, transplant, and ortho.

At MJ, Lisa is responsible for working with third-party wellness providers in identifying gaps in care, patient needs, clinical guidelines, and developing individualized plans of care for MJ's benefits consulting clientele. She specifically utilizes her clinical expertise to analyze and determine risk factors for employer groups based on health data, determine appropriate interventions for employer groups to implement with the desired outcome of improving the health and wellness of employees, and ultimately assists clients in lowering health care costs to the employer.

Lisa is passionate about singing, reading, exercising, traveling and musical performances. When she is out of the office, she can be seen enjoying time with her family and two dogs. She hopes to one day go on an African safari!
