## **MJ Insurance Named One of the Healthiest Workplaces in America**

**INDIANAPOLIS (Dec. 15, 2020)** – [MJ Insurance](#), one of the nation's leading insurance agencies with more than five decades of success, has been recognized as one of the Healthiest 100 Workplaces in America. MJ received recognition as a Healthiest Employer in both Indiana and Arizona as well.

Healthiest Employers®, the most-trusted U.S. awards program for people-centric companies powered by Springbuk's Healthiest Employers Index on employee health and wellbeing, recognizes people-first organizations that prioritize the wellbeing of their employee population through vision, culture, engagement, learning, expertise and technology. Companies are chosen out of a national pool of applicants from all regions, size categories and industries, and are recognized for their commitment to workplace wellness and exceptional health and benefits offerings.

"We are thrilled to be recognized as one of the Top 100 Healthiest Workplaces in America," said Michael H. Bill, CEO of MJ Insurance. "While we have been recognized as one of the Healthiest Employers in both Arizona and Indiana, we are proud to receive this prestigious national honor. This recognition continues to validate our efforts in bettering the health and wellbeing of our employees, which has been even more important to us during this unprecedented time. We are proud that we have been able to support our employees and their families throughout the COVID-19 pandemic."

MJ provides numerous opportunities for associates to improve their wellbeing—physical, emotional, spiritual and financial—through their wellness program, A Healthier YOU. MJ continues to augment its employee wellbeing resources, most recently enhancing its technological solutions to facilitate and support all forms of wellness during the COVID-

19 pandemic and beyond. One of which—The MJ Wellbeing Platform—offers fitness competitions to encourage participation amongst the various office locations, online mental health classes and support, virtual yoga sessions, telemedicine options and so much more.

MJ Insurance also offers incentives for healthy measures through Health Savings Account (HSA) contributions for employees and spouses.

Healthiest Workplaces award applicants were evaluated across six key factors: Vision, Culture/Engagement, Learning, Expertise, Metrics and Technology. Completed assessments were ranked with the proprietary Healthiest Employers® Index, a 1-100 rubric for wellness programming.

MJ also received the recognition for Healthiest Employers in Indiana. The ranking was determined by Springbuk Health Intelligence Platform. Like the national award program, the state-wide award honors the “best of the best” in corporate health and wellness.

The *Phoenix Business Journal* recognized MJ as one of the Phoenix Area's Healthiest Employers. The award list was generated by information provided by Indianapolis-based Healthiest Employers, as well as information from company representatives and websites.

MJ Insurance, one of the largest privately-held insurance agencies in America, is a commercial and personal insurance, risk management and employee benefits consulting agency that since 1964, has grown from a two-person start-up to an agency with more than 160 employees. With offices in both Phoenix and Indianapolis, MJ specializes in a diverse selection of unique service lines including construction, energy, transportation, manufacturing, sororities and recycling as well as a complete suite of employee benefits programs and services. MJ Insurance serves clients in over 16 countries and in every U.S. state.
