

LEIGHANN SARGENT

DIRECTOR OF PERSONAL INSURANCE

Leighann Sargent joined the MJ Insurance team in 2020 as the Director of Personal Insurance. She brings over two decades of insurance experience to MJ with adept knowledge in personal lines property + casualty insurance, high net worth risk management consulting and agency operations.

Prior to joining MJ, Leighann worked for a nationwide boutique risk management and property and casualty insurance agency, where she served as Senior Vice President and Regional Director. In her previous position she was responsible for new business risk management consulting and maintaining business partner relationships with premier insurance carriers and financial service partners.

At MJ, Leighann oversees MJ's personal insurance strategy and operations. She works to enhance the personal insurance value proposition and client experience and elevate MJ's product and resource offerings.

When Leighann is not hard at work, she can be found trying new recipes in the kitchen — especially baking something delicious for her family! Leighann hopes to take a trip to Paris after she checks off learning to speak French from her bucket list!
