

ABBY CRAIG

ANALYTICS ANALYST

Abby Craig joined the MJ Insurance team in 2021 as the analytics analyst in our Benefits Consulting department. Having excelled in actuarial studies at Butler University, she brings her knowledge of statistics and data analysis and works closely with the analytics team to create innovative solutions. In her role, Abby partners with clients to understand their strategy and deliver key insights concerning their employee benefits.

Abby's statistics and analytics experience enables her to effectively analyze data by recognizing trends and patterns and using newly gained knowledge to draw meaningful conclusions that drive business decisions. In her role as employee benefits analyst, she works to validate data, produce reports and identify new opportunities through research and analysis.

Outside of MJ, Abby enjoys cooking and exploring the outdoors through hiking and biking. She is always up for a game of trivia and dreams of visiting the Grand Canyon one day. Abby is passionate about helping others through volunteering with Food Recovery Network and College Mentoring for Kids. She is currently pursuing her PhD in Applied Mathematics through the University of Colorado.
